

Wisconsin Cyclocross Series Racers' Guide 2022

What is cyclocross?!

Cyclocross is a form of bicycle racing that consists of many laps of a short course over mixed terrain, with course features that may involve dismounting your bike, carrying it to navigate obstacles and remounting your bike. It mixes multiple athletic endeavors, namely riding and running, with a strong emphasis on skillful bike handling. Races usually take place in a park, on a short circuit with each lap being between 1 to 3 kilometers long over grass, mud, trails, gravel, concrete and with a few obstacles for competitors to negotiate - sand pits, logs, barriers, etc. Races typically last 30 minutes to an hour, with the number of laps varying based on course length, conditions and speed. Racers are broken by categories which vary largely by age and speed. As racers improve and score points throughout the season, they upgrade into faster categories to compete against people closer to their ability. Competitors start as a group and spread out - the faster riders will complete more laps and the officials keep track placement throughout the race.

The cyclocross season in Wisconsin runs from September through December.

CX bikes are a hybrid between a road bike and a mountain bike. Typically, the bikes have drop handlebars like a road bike and knobby tires like a mountain bike (although narrower). While a cyclocross specific bike is not required, racers will want tires with some traction and are able to use mountain bikes.

Other Frequently Asked Questions

Q: Do I need a license to race?

A: Yes. Sanctioned racing is broken down into categories. All beginners start in Category 5. If you don't have an annual USA Cycling license, you will have to purchase a One Day Racing License. One Day Licenses may be purchased at registration with your race entry. If you are not a Category 5 you MUST purchase a USAC Annual License. Annual Licenses can be purchased at registration but purchasing or renewing online before race day is recommended. Licenses purchased on or after December 1 are also good for the next racing year.

Q: When should I come to race?

A: If you plan to register, warm up and familiarize yourself with the course, it's recommended that you arrive 1.5-2 hours before your race.

Q: Can I use a mountain bike?

A: Yes, but bar-ends are not allowed. (Note: Mountain bikes are allowed in all non-UCI races, which limit tire width to 33mm.)

RACING AGE

- Your cyclocross racing age is your age as of December 31 of the year in which the CX World Championships take place. All Trek Bicycle presents Wisconsin CX Series races take place in the calendar year before the calendar year in which CX World Championships take place (the end of January or early February). Therefore your racing age for all Trek Bicycle presents Wisconsin CX Series events is your age as of 12/31 of the NEXT calendar year.

RACE NUMBERS

- Placing is done by Race Officials reading and recording race numbers of finishers. Officials must be able to read your number.
- Pin your number on the correct side and with proper orientation. To find out which side to pin it on for each event; see the diagram at registration table.
- Do not rip, bend, fold, or otherwise alter your number.

PRE-RIDING

- Riders may want to preview the race course prior to their race to get an idea of the flow of the course and be prepared for any obstacles.
- Pre-ride and warm-up time on the course will be allowed between races, or during the allotted course inspection time at the officials discretion.
- Pre-riding is allowed between the finish line and the last active racer on their last lap. Check with finish-line officials to determine if the course is "open."
- Enter the course near to - but a safe distance from - the finish line and always be certain to stay at least 50 feet behind the last active racer. **Passing an active racer can result in disqualification from all of your races that day.**
- **Pre-ride violations may result in disqualification**
- Be an advocate. If you see someone pre-riding during a race, please ask them to leave the course.

STAGING AND CALL-UPS

- Report to staging at least 10 minutes before your scheduled race time.
- Riders who have pre-registered are called up for pre-race staging by order of USAC Cycling points.
- The Men Masters Category 4/5 35+ and the Men Masters Category 1/2/3 50+ racers will start first, but have their results scored separately.
